ANSWERING MACHINE
If you haven't already, you may have an opportunity to call us and get a recorded message. We have this capability connected to our 671-6260 number to promote upcoming events, let you know of field conditions for games, and to take your message should we be temporarily out of the office.

Along with this service, we want to promote our second number which we have always had, 671-6395. In the past, if you called 671-6260 and it was busy the other line would automatically ring. This is no longer the case since we have added the recorder so we want to make you aware of our second line. Most of our recorded messages have the second line number on them as well, as a reminder to you.

We hope this service will be of assistance to you at some point. It has already made our job of serving you more effective.

GYMNASIUM POLICY

LIFETIME ACTIVITIES

Before beginning any of these activities, please consult with your physician. Please observe all guidelines posted in the area.

Equipped Exercise Area
The new equipped exercise facility features state of the art equipment to provide patrons with an effective and safe exercise experience. The equipment is suitable for use by men and women of all age and physical condition. Total body conditioning can be achieved through use of both cardiovascular equipment and Nautilus weight machines.

A pair of Schwinn Air-Dyne stationary bikes offer excellent cardiovascular benefits. The upper and lower body may work simultaneously or independently. As you exercise, the fan wheel generates air resistance, which provides a smooth increase in workload and calories burned. It also generates a breeze, cooling you as you exercise.

The StairMaster 4000PT is probably the most popular piece of equipment in the fitness industry today. It simulates a stair climbing movement without the trauma associated with other forms of exercise. Exercise intensity level can be adjusted as well as the pedal height. A computer console allows the selection of pre-designed programs and an exercise summary including calories burned, floors climbed, and distance traveled. The StairMaster creates a uniquely smooth, fast and effective workout.

For those interested in body toning and strength conditioning, the "Nautilus Next Generation" equipment will be very effective. The series of eight machines have been carefully selected to provide a total body workout. You will find the weight machines safe, comfortable and efficient in meeting your fitness needs. They include the following: Leg Extension, Leg Curl, Bench Press, Compound Row, Abdominal, Lower Back, Multi-Biceps, and Multi-Triceps. As with all the fitness equipment, it is required that all patrons attend an orientation on use of the facility. Also, the staff will be glad to answer any questions or advise you on meeting your fitness needs.

Due to heavy programming and usage by members during the fall and winter months, it is necessary to establish a no-guest policy for the time period of November 1st thru March 31st. During this time period, only members of the Springdale Community Center will be permitted to use the equipped exercise area. This is for the safety and convenience of our patrons.

EQUIPPED EXERCISE AREA RULES
1. Athletic clothing and gym shoes are required. No jeans, belts, or clothing with rivets, snaps or buckles.

The Following are Key Policies & Information for the 1991 Year.

**Youth Sports Sign-Up Policy**
A new youth sports sign-up policy is in effect beginning with the January sign-ups for spring sports. Sign-ups made during the regular sign-up times will be $5.00. If a parent signs a child up after the regular sign-up times, the fee will be $15.00. The sign-up times for spring sports will be Saturday, January 12th from 10 a.m. to 4 p.m. and Tuesday, January 15th from 7-9 p.m. Sign-up times for fall soccer will be Saturday, May 18th from 10 a.m. to 4 p.m. and Tuesday, May 21st from 7-9 p.m. Winter sports sign-ups will be taken on Saturday, September 7th from 10 a.m. to 4 p.m. and Tuesday, September 10th from 7-9 p.m.

**Equipped Exercise Area**
There is no charge to use the equipped exercise area. The new equipped exercise facility features state-of-the-art equipment to provide patrons with an effective and safe exercise experience. The equipment is suitable for use by men and women of all age and physical condition. Total body conditioning can be achieved through use of both cardiovascular equipment and Nautilus weight machines.

A pair of Schwinn Air-Dyne stationary bikes offer excellent cardiovascular benefits. The upper and lower body may work simultaneously or independently. As you exercise, the fan wheel generates air resistance, which provides a smooth increase in workload and calories burned. It also generates a breeze, cooling you as you exercise.

The StairMaster 4000PT is probably the most popular piece of equipment in the fitness industry today. It simulates a stair climbing movement without the trauma associated with other forms of exercise. Exercise intensity level can be adjusted as well as the pedal height. A computer console allows the selection of pre-designed programs and an exercise summary including calories burned, floors climbed, and distance traveled. The StairMaster creates a uniquely smooth, fast and effective workout.

For those interested in body toning and strength conditioning, the "Nautilus Next Generation" equipment will be very effective. The series of eight machines have been carefully selected to provide a total body workout. You will find the weight machines safe, comfortable and efficient in meeting your fitness needs. They include the following: Leg Extension, Leg Curl, Bench Press, Compound Row, Abdominal, Lower Back, Multi-Biceps, and Multi-Triceps. As with all the fitness equipment, it is required that all patrons attend an orientation on use of the facility. Also, the staff will be glad to answer any questions or advise you on meeting your fitness needs.

Due to heavy programming and usage by members during the fall and winter months, it is necessary to establish a no-guest policy for the time period of November 1st thru March 31st. During this time period, only members of the Springdale Community Center will be permitted to use the equipped exercise area. This is for the safety and convenience of our patrons.

**Equipped Exercise Area Rules**
1. Athletic clothing and gym shoes are required. No jeans, belts, or clothing with rivets, snaps or buckles.
2. No smoking, food or beverages in this area.
3. No one under 16 years of age will be admitted.

S.A.Y. Soccer -
Spring (April-June)
Fall (August-October)
The Soccer Association for Youth was formed to provide an organization within which children could learn and play soccer, the world's most popular sport. The fact that any size player can be successful at the game and that the modest expense required to field a team make it possible for many children to participate in organized competition. These factors, plus the enthusiasm of the children once they have played the game, have resulted in a rapid growth of the S.A.Y. program.
