We’re Expanding!!!

Bear With Us and the Mess Until the Millennium

By: James H. Burton, Parks & Recreation Director

Either through televised council meetings, newsletters, word of mouth or the recent construction in our parking lot, I’m sure most are aware a major renovation and expansion of the Community Center facilities is underway. The completion of this endeavor will enable the staff to enhance and expand the current programming to better serve the residents of the city. The current facility has served as a focal point of the community and been a part of the growing up experience of youth for the past quarter century. As we strive to enhance the service we provide, one goal is paramount. That goal is to make available a facility that all can find service or enjoyment through, a COMMUNITY CENTER.

Scope of the Work to be Completed

The Community Center is approximately 20,000 sq. ft. in size. One third of it will be renovated.

1. The locker rooms will be renovated and no longer associated with the pool.
2. The game room will become a two-hour maximum childcare facility for those utilizing the Center.
3. Meeting rooms A & B will be renovated.
4. Staff offices will be restructured into an adult game room.
5. The administrative secretary’s office will be a vending and lounge area.

The addition will be approximately 50,000 sq. ft. in size, making the total facility around 70,000 sq. ft.

Following is a listing of the amenities to be made available in the expanded facility.

6. A double gymnasium.
7. An elevated walking/running track.
8. A dance studio for opportunities such as Jazzercise, dance classes, martial arts, and ballet.
9. A 3,000 sq. ft. equipped exercise facility.
10. A 2,500 sq. ft. game room.
11. Three additional meeting rooms.
12. Locker rooms for pool use only.
13. A computer lab.
14. Undedicated space for storage, the batting cage and future growth.
15. Staff offices.

This is certainly a skeletal description of what will take place. Should you have any questions and would like to see what the final product will look like, please visit with our Assistant Directors or myself.

A Timetable of Events

Bids will be let in February, 1999 with ground breaking in April. From that point until December, most of the work will take place on the addition. It will be necessary to create temporary entrances to the building and the pool. The main parking lot will be rendered inoperable for the duration of the project. Starting in January, 2000 more of the work will be centered in the current facility. At this point the staff offices will have to be relocated, the locker rooms and meeting rooms will be closed. The new pool locker rooms will be available for use starting with the 2000 pool season. All facilities are scheduled for completion in July, 2000. As a staff we will be challenged to continue to provide services as usual while working in concert with contractors. By staff and patrons alike exhibiting cooperation, patience and flexibility, we will weather this period together.

Let’s Get Started

Before ground is broken almost two years will have been spent preparing for the moment. Input has come from the public, the elected body, administration and Community Center staff. This truly has been and will continue to be a people’s project. This is your building. Inquire about it, let us know if there are programs we can institute, then come enjoy your Community Center.
