Another Busy Construction Year in the City

“The roads will be better and our travel will be smoother when it is all done.” That phrase is what the City wants every resident to keep in mind throughout the 2018 road construction season. The City leaders can understand the residents’ frustrations with the road improvement projects taking place throughout the community, because practically everyone is impacted somehow.

Last year was one of the most active road construction years in the City of Springdale perhaps since its incorporation. There were three City road rehabilitation and road maintenance projects underway in 2017, and that does not count the Greater Cincinnati Water Works (GCWW) water main replacement project that is drawing to an end in the Cloverdale-Smiley area. Under the 2017 Street Improvement Program, the City was able to reconstruct a number of roads throughout the community (Cameron Road, Bernhart Court, Ray Norrish Drive, W. Kemper Road, etc…), as well as perform general maintenance work in other areas (Heritage Hill Subdivision, Springdale Terrace Subdivision, Grandin Subdivision). The purpose of the maintenance work is to extend the life of the pavement. The State Route 4 (SR 4) Urban Paving Project from Cameron Road to Interstate 275 (I-275) provided for an entire new road of asphalt and pavement repairs. The State Route 4 Southbound Lane Addition added a new dedicated lane from southbound SR 4 onto I-275, providing for a much more efficient transition onto the interstate. Overall, these improvements totaled over $4 million in construction costs.

In 2018, four more major road improvement projects are scheduled in the City. The Glensprings Drive Rehabilitation project will provide for essentially a new road and other infrastructure improvements on Glensprings Drive from Kenn Road to across SR 4 and continuing on along the extension of Glensprings Drive. The Cloverdale Pavement Rehabilitation project for the most part will mirror the GCWW project to restore the road with fresh new asphalt after their project concludes. The Beacon Hills Subdivision/Kenn Road Rehabilitation project will include resurfacing on Kenn Road only. The subdivision will receive both general maintenance work (a sealant to preserve the road) and some rehabilitation work (curb replacements, catch basin repairs, etc…). Finally, the City has been able to secure funding to repair and resurface Jake Sweeney Place with its own rehabilitation project. These four projects, along with some carryover from the previous year’s projects will cost over $5.5 million dollars this year.

All of the 2018 projects have been out to bid and contractors have been chosen. Each is planned to begin construction during the spring. Details on all of the projects can be found on the City’s website at www.springdale.org. In the meantime, if you have any questions or concerns, please phone the Springdale Public Works Department at 346-5520 between the hours of 7:00 a.m. and 3:30 p.m., Monday through Friday. Additional details and updates for each of these projects, including schedules as they become available, will be provided on the Public Works Department’s projects webpage at www.springdale.org/public-works-projects.aspx and periodically on the City’s Facebook page.

The Home Improvement Repair Program Continues

The City’s Home Improvement Repair Program is made possible through Community Development Block Grant funds received from the US Department of Housing and Urban Development (HUD) and administered by Hamilton County. The funds are received on a reimbursement basis.

Last year, due to a delay in Congress authorizing funding, implementation of the program was delayed. The City is happy to announce that funds are once again available for the very successful program! The program provides a reimbursement for costs associated with exterior repairs to owner-occupied homes. The program assists households below a certain income level to make necessary exterior repairs or improvements to their property. Improvements may not include pools, spas, landscaping, play equipment or new detached accessory structures. Past experience has shown that the extra funding has been just enough to allow an improvement project to become a reality. The program is a win-win for homeowners and the community-at-large. Maintaining and improving one’s property not only increases the property’s value, but it also enhances the

continued on page 2
The Home Improvement... continued from page 1

values of the entire community.

The maximum reimbursement for the program is $1000. Applicants must meet income guidelines and provide all other documentation as required and noted in the application. An example of income eligibility for 2017, for a household of 4, the maximum income is $59,750. As mandated by the funding, the 2018 application income rates may vary from the 2017 rates. Applications for the 2017 program are being accepted while funds remain. The City is awaiting approval and authorization for the 2018 funds. As soon as they become available, the City will post the 2018 application on its website. For more information on the program, please visit the City’s website at www.springdale.org and click on the Building Department link or call the Building Department at 513-346-5730.

Recycling in Many Forms

Basements, garages, sheds, cabinets, or closets - who knows what lurks behind those closed doors and in those dark corners. As you launch into that seasonal ritual called spring cleaning, you may find materials that you know should not end up in the landfill. Yet you are not sure how to dispose of them properly. Well, we have an answer for that!

Below are examples of common materials that accumulate in basements, garages, and even junk drawers, and where you as residents of Hamilton County can recycle or dispose of them safely and in an environmentally friendly manner. For a detailed list, check out www.hamiltoncountyrecycles.org.

**Batteries:** Lowe’s and Batteries Plus Bulbs locations throughout Greater Cincinnati will accept regular household batteries at no charge. NEVER place used batteries in a trash can. Old batteries can be a potential fire hazard when disposed of improperly.

**Compact Florescent Lightbulbs:** Batteries Plus Bulbs and Lowe’s will accept used CFLs at no charge.

**Fire extinguishers:** Cintas Warehouse and Silco Fire Protection both accept these older extinguishers at no charge.

**Gasoline & Kerosene:** Burton’s Collision and Symmes Township both accept these fuels, as well as other automotive fluids.

**Latex paint:** Once latex paint becomes solid, it can be thrown out with the regular trash. A video to guide you through the easy process of drying out latex paint can be viewed at https://www.youtube.com/watch?v=olW4SRGNggE

**Motor oil:** In Springdale, you may drop off your used motor oil in a container with a lid at the Public Works Department located at 335 Northland Blvd. The department has a storage box located near the recycling dumpsters where you can place the containers so that they are out of the weather. Please do not leave containers that do not fit inside the metal storage box. You would not want to spill the oil and damage the environment. In addition, most businesses that sell oil will accept your used motor oil, including Auto Zone, NAPA Auto Parts, Oil Express, and Walmart Tire & Lube locations.

**Propane Tanks:** Auzier Gas, Inc. will accept propane tanks at no charge. A number of other companies will also accept propane tanks for a fee.

It is recommended that you call the companies listed to be sure they still accept the materials identified above. For a complete list of items that have special recycling outlets or reuse opportunities, visit the Hamilton County Recycling and Solid Waste Department’s website at http://www.hamiltoncountyrecycles.org/residents/household_chemicals_and_pharmaceuticals. When in doubt, call the County’s Recycling Hotline with questions on how to reduce, reuse, and recycle at (513) 946-7766.

**Economic Development News**

**Cincinnati Quest Martial Arts Grand Opening**

Mayor Doyle Webster provided a helping hand with the ribbon-cutting at Cincinnati Quest Martial Arts located at 11711 Princeton Pike in Tri-County Towne Center (between Firehouse Subs and LaRosa’s). Cincinnati Quest Martial Arts is owned and operated by James and Johanna Norris, a husband and wife team with over 50 years of martial arts training between them. They teach both children and adults using a modern self-defense system based on ancient samurai and ninja martial arts.
City tax returns due April 17
Springdale’s 2017 tax returns are due to the tax office (or postmarked) by Tuesday, April 17, 2018. The items required to be included with the City tax return are W-2 form(s), page 1 of the Federal form 1040 (and other applicable Federal forms), form 1099 Misc, and any other schedule to support the local tax return activity.

Who must file a City return?
All residents 19 years and older are required to file a tax return, whether or not tax is due. Retired residents will need to file a zero taxable income return, then the account can be established in a retired status and subsequent Springdale tax filings will not be applicable (assuming the retired resident has no further taxable income). In addition, all businesses located in Springdale and businesses which earn income as a result of work performed in Springdale are also required to file a tax return, whether or not tax is due.

Extension Requests
If you have received a Federal filing extension, you will receive an automatic six-month extension for the Springdale tax return. If you have not received a Federal filing extension, a written extension request must be received by the filing due date and a six-month extension will be granted. Remember, even if you have obtained a Federal or local extension for filing your return, tax balances are still due by April 17, 2018.

State House Bill 5 Mandates
Please keep the following in mind regarding the 2017 Springdale tax returns in accordance with State mandated House Bill 5:

- A late tax return filing will incur a penalty of $25 per month, up to a maximum of $150 (six months late).
- A late payment penalty of 15% of the tax balance owed will be incurred for balances that are not paid on time.
- Gambling/lottery winnings are now taxable.
- Tax return original amounts owed of $10 or less will not be collected, and any refund request of $10 or less will not be refunded or carried forward to the subsequent year.

Tax Department Hours
The Tax Department regular hours are Monday through Friday from 8 a.m. to 5 p.m. The Tax Department will have extended hours as follows: Saturday, April 14th (9 a.m. to 1 p.m.) and Monday, April 16th (8:00 a.m. to 7:00 p.m.).

Questions
Questions can be directed to the tax office at 346-5715 or, in person, at the tax office at the Springdale Municipal Building. Residents waiting until April 17th to file could experience a long line.

Car Seat Installation Assistance
The Springdale Fire Department is best known for providing outstanding emergency services to the community. One key element of that job is to provide knowledge and training in hope of preventing emergencies. When it comes to children, it is safe to say that parents will do whatever is necessary to help keep them as safe as possible. One of the most important jobs parents have is keeping their child safe when riding in a vehicle. The Springdale Fire Department shares that very important desire to keep children as safe as possible. As a part of the department’s prevention program, they focus on keeping the little ones as safe as possible while traveling in a vehicle. Regretfully, each year thousands of young children are killed or injured in car crashes. Proper use of car seats helps to keep children safe and reduce those numbers. However, with so many different types of car seats on the market, many parents find it challenging to install the car seat in the best and proper manner. Well, the Springdale Fire Department can help to reduce that stress on parents.

The Fire Department recommends that expectant parents give themselves enough time to learn how to properly install their car seat in the car before the baby is born. This will ensure a safe ride home for the baby from the hospital. The type of seat a child will need depends on several things, including the child’s age, their size, as well as the type of vehicle the parents drive. The Springdale Fire Department has certified car seat technicians to teach parents how to properly install their car seat and restrain their child in the car seat.

For assistance with this very important process, call the Fire Department’s non-emergency number for an appointment at 513-346-5580.

Lending a Helping Hand for the Youth
Springdale is a unique and diverse community where youth sports programming encourages boys and girls to get regular exercise, grow lasting friendships, and build on valuable skills and traits. Such traits as positivity, respect, accountability, cooperation, self-control, coordination, leadership, and compassion will benefit them all through their lives. The City is fortunate to have an organization that works with it to help build and sustain such character in the youth. That organization is the Springdale Youth Boosters (SYB).

SYB is a non-profit organization primarily made up of Springdale residents who volunteer their time and efforts to provide affordable athletics for the youth of Springdale. SYB members work in cooperation with the City’s Parks and Recreation Department to ensure that ALL Springdale youth have the opportunity to participate in quality team sports including soccer, baseball, softball, basketball, volleyball, and cheerleading.

Because of the efforts of SYB, participation costs for youth athletics in Springdale are lower than many of the surrounding communities. SYB does an outstanding job promoting effective fundraising events as well as soliciting sponsorships for its teams in all sports. Current fundraising events consist of the Father-Daughter Dance, Movie in the Park, Cinema Horseraces, and concessions at many City events.

Do you own or work for a Springdale business? Would you like to see that business logo on some team jerseys and have that business recognized at SYB events? Are you interested in becoming an SYB member? SYB would love to hear from you. Please contact them at springdaleyouthboosters@yahoo.com.
The City of Springdale Police Department’s mission is to promote public safety and provide service through crime prevention, proactive and responsive patrols, investigations, and support services to the community. This mission is carried out every day by our officers and command staff.

Public Safety is one of the most essential functions of the Police Department and a substantial portion of that is through traffic safety enforcement. The City of Springdale Police Department has once again been awarded the Platinum AAA Traffic Safety Award. This is the 14th year the department has been so honored. The AAA Traffic Safety Award is given to communities who provide exemplary service in making their roadways safe. This starts with community outreach and grass roots policing with effective traffic intervention. Participation in the Hamilton County OVI Task Force, the “Click it or Ticket” program, and the “Drive Sober or Get Pulled Over” program all contribute to safer roadways. The Springdale Police Department also provides a number of opportunities for youth including the 3rd Grade Seat Belt Safety program, Safety Town, Community Bicycle Safety program, Operation Lifesaver, and Children’s Safety Fair laying the groundwork for young people to develop good safety habits.

Thanks to the efforts of the officers and command staff, the Springdale Police Department is poised to handle any crime or traffic safety need throughout the City. For example, officers were dispatched to a chaotic scene with a report of a person with a gun this past January. The officers were able to quickly assess the situation and deescalate it without the use of force. In a separate incident the following week, officers were able to make a stop of robbery suspects. By thoroughly following their process in documenting the stop, and safely and tactically dealing with the situation, evidence was located that connected the suspects to several recent robberies.

Springdale strives to hire good people who become good officers. The Springdale Police Department has several new officers out patrolling the streets and plans to hire several more in the near future. These officers will not only be a group of people who work within the City of Springdale, they will be an integral part of the community. The officers are always actively seeking ways to relate to our citizens and carry out the mission of the Springdale Police Department. If you are interested in a career with the Springdale Police Department, please call the Community Service Officer at 513-346-5530 for more information.

As spring has arrived, the Springdale Garden Club finds itself preparing to rekindle some of its more successful projects as well as add new ones. Planting seeds with the first graders at both Heritage Hill and Springdale Elementary Schools over the years has proven to be a very fulfilling project for the club. The members start this project early so that they can help the children harvest their spring vegetables before school is out in May. To help add beauty to the community, members also plant flowers at the Springdale Elementary School butterfly garden as well as in front of the Community Center. If you would like to help with one of their planting projects, just give them a call. You don’t have to be a member to be a helper.

A new addition this spring to the Club’s agenda is hosting an Amateur Garden Show at the Springdale Community Center on May 19 and 20. The theme of the show is “Once Upon a …Disney.” The show will include both horticulture and artistic placements. All are invited to enter or attend. If you are interested in the artistic classes, you must pre-register by May 5. Horticulture entries will be received Saturday morning, May 19 between 9 and 10 am. For more information contact Naomi Ormes–bloomcity@aol.com; 863-4620; Joyce Sullivan–joycesullivan@fuse.net, 779-9221; or susybskt@cinci.rr.com, 772-2936.

The Garden Club will close out the spring with another Amateur Garden Award contest. Judging criteria will include design, plant material, and vegetable gardening. Bonus points will be given to those who include water features, ponds, fairy gardens, butterfly gardens, shade or native plants, patio gardens, and children’s gardens. Awards will go to homes that are well maintained and representative of gardening at its best. Entry forms can be picked up at the Community Center or from any Garden Club member. All entries must be submitted by June 11, 2018.

Membership to the Garden Club is always welcome to attend their events as a guest. For more information about club membership or any of our projects and events, call Joan Knox @ 674-7755 or e-mail - joanknox99@fuse.net.
Congratulations Retirees and Welcome New Employees!

Bob Ellerman
Robert “Bob” Ellerman began his employment as the Custodian for the Municipal Building on March 27, 2017. A graduate of Roger Bacon High School, Bob holds an Associate Degree in Business from the University of Cincinnati. Bob previously worked with the Mason City School District as a custodian and equipment trainer. When not working, Bob donates his time to Cincinnati Children’s Hospital by volunteering in the emergency room with their Child Life Services and as a member of their Champions Program. Bob and his wife, Candy, have two adult children and live in West Chester Township.

Joe Hansen
Joseph Hansen began his career with the City of Springdale Fire Department as a Firefighter/Paramedic March 28, 2017. Joe was born in Visalia, California and moved to the Cincinnati area in 2013 at the age of 18. Joe enjoys working out, bow hunting, and enjoying other outdoor activities. He and his wife are currently expecting their second child to join their eighteen month old.

Austin Robinette
Firefighter/Paramedic Austin Robinette started his career with the Springdale Fire Department on April 4, 2017. Austin is a graduate of Fairfield High School and Butler Tech where he studied fire technology. In his free time, Austin enjoys fishing and hunting with friends.

Fred Romano
This past January, Police Officer Fred Romano retired after dedicating 29 years of service to the citizens of Springdale and the Springdale Police Department. Fred joined Springdale in September 1989 after serving with the Montgomery and Kings Island Police Departments. He is a proud veteran of the US Marine Corp. During his career in Springdale, Fred enjoyed assignments such as SWAT, patrol detail, and bike patrol. In fact, he completed the Police Unity Tour cycling 300 miles from New York City to Washington, DC. Good luck Officer Romano and enjoy your retirement.

Jason Waxman
Jason Waxman, a life-long Springdale resident, was promoted to the position of Parks Maintenance Supervisor. Following fourteen years working in the Public Works Department as a Maintenance Worker, Jason began this new adventure during the fall of 2017. During the summer months while at Princeton as well as the University of Cincinnati, Jason worked with the City. Jason has a Bachelor of Arts degree from UC and Xavier University. Jason replaced Bob Young who retired after 10 years of service.

Bob Young
Bob Young retired in the fall of 2017 after 10 years of service as Parks and Recreation Department Maintenance Supervisor. During his career with the City, Bob contributed much to the organization with many new and innovative solutions to issues the Parks Department faced. He dedicated his efforts to making the Community Center as well as the neighborhood parks safe and enjoyable for Springdale residents. The City wishes Bob much happiness during his retirement.

Economic Development News
continued from page 2

to a larger office at 25 Merchant Street. In addition to their move, they also brought employees from two nearby locations which are outside of Springdale.

Springdale Companies on Deloitte’s List of Largest Private Companies
Five Springdale companies were included on the 2017 “Deloitte 100” list of the largest private companies in the Cincinnati region. They are ProAmpac (#7), Sugar Creek Packing Co. (#22), Jake Sweeney Automotive (#27), Sheakley (#31), and TSC Apparel (#55). The City is proud these companies have chosen to call Springdale their home!

Congratulations to Two Springdale Businesses for Receiving Awards
Automation Plus, a high-tech consulting firm that provides full-service system integration solutions to manufacturing clients around the world, was recently named the 2018 System Integrator of the Year by CFE Media, the publishers of Control Engineering and Plant Engineering magazines. Mayor Doyle Webster was honored to participate in the award ceremony for such a prestigious international award.

Dr. Veronica Glogowski and her team at Springdale Dental Care were recently presented with the Seven Seals Award by the Department of Defense Employer Support of the Guard and Reserve (ESGR) Program for volunteering their time, services, and materials to provide dental care to veterans who could not otherwise afford it.
YOUTH FALL SPORTS SIGN-UPS

Fall sports sign-ups begin May 1. Springdale Community Center Activity Membership required. SCC membership requirement waived for first time Springdale resident youth sport participants. Youth sports fees must be paid with cash or check. No credit cards accepted.

Instructional Soccer
With the instruction from dedicated coaches your child will be introduced to the basics of soccer. Instructional soccer teams play in a fun, positive and relaxed setting. Children who were born between 2013 and 2011 are eligible to participate. Registration Begins May 1 - $20 ($35 beginning 6/1).

SAY Soccer
Have fun, gain friendships and enhance your skills while competing against local communities. Youth who were born between 2011 and 1999 are eligible to participate. Registration Begins May 1 - $40 ($55 beginning 6/1).

Youth & Teen Volleyball
Participate in our Cincinnati Premier Youth Volleyball League and enhance your skills, gain friendships, and most importantly, have FUN! Youth and teens in grades 3-8 are eligible to participate. Registration Begins May 1 - $40 ($55 beginning 6/1).

Hot Summer Jobs that are Cool!
Parks Maintenance Workers

Seasonal staff is needed to cut grass, trim and help maintain the facilities. You must be 16 years old or older to apply for these positions. Apply at the Community Center.

Lifeguards
Minimum requirement is Red Cross Lifeguard certification or equivalent. Must be 15 years of age. Apply at the Community Center.

For more information about these jobs, contact the Community Center at 346-3910.

What is SYB (Springdale Youth Boosters)?
SYB is a non-profit volunteer based organization, which is comprised of Springdale residents working together and volunteering time to secure donations that help to provide more affordable youth sports programs in Springdale. Interested in joining or have questions? Contact Springdaleyouthbooster@yahoo.com.

City Service & U
June 18 - 22 • 9:00am - 12:00pm
This award winning program is back for its fifth year. Join us in exploring the possible career path as a firefighter, police officer or city administrator.
